Allowable Subject Matter

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance:

Based on Applicants arguments of 05/24/2004, the microfluidic system of claims 13-19 clearly must have no more and no less than 3 side channels and the method of injection using said microfluidic system of claims 1-12 must include simultaneously controlling the voltage applied to the 3 side channels to advance the sample (step c of claim 1). Applicant's Terminal Disclaimer has overcome the obviousness double patenting rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennine M. Brown whose telephone number is (571) 272-1364. The examiner can normally be reached on M-F 8:00 AM - 6:00 PM; first Friday off.
